

Awareness Notes :-

- There should be close monitoring on the movement of people along with beggars and waste pickers.
- Mobile number of neighbourere should be kept handy or those numbers should be on speed dial list of mobile; so that they can be contacted and alerted in emergency.
- Mobile numbers of the president, secretary, members of public committee of society should be readily available.
- A weekly meeting of the neighbourere should be organized to discuss preventive measures to be taken in case of Theft, Robbery or dacoity in the area.
- If any temporary hutments come up around your area; the President of the society or the police party should collect information about those people regarding- place of arrival, duration of stay, their business, male members and if possible their contact numbers. Such information should be communicated to nearest Police Station or Police Chowky.

Safety & Preventive Measures :-

- Residents staying in lonely places should have strong Iron Grills for their house door, windows and ventilators.
- All the four sides of the house should have sufficient lighting during night time.
- Young members / boys of the society should undertake night patrolling at least two to three times randomly during a week.
- If possible, society gates / bungalows should have CCTV cameras fitted & the residents should install burglar alarm system for their house / flat.
