From: Dr A Tambuwala <dr_aat@rediffmail.com>

Respected Maam,

I would like to bring to your notice the efficiency and sensitivity with which the police department at Lashkar police station helped us in tracing senior citizen Mr Mohammadhusain Master who had gone missing since 11 am yesterday. He was located within 8 hours in Panchgani. A special mention of the lady officer who was so helpful and empathic.

I am a doctor and I have come to realise that doctors and cops are the most overworked and unappreciated lot- as is projected by social media.

also, one suggestion- could the physical process of writing a complaint be improved? The policeman in Poolgate police chowkey where we registered the missing persons complaint took 2 hours just to write the report- that time lapse can be dangerous in some cases.

Thank you and your team once again. And do contact me if I can ever be of any service.

Regards,

Dr Aruna Tambuwala

Oral and maxillofacial surgeon.
