Subject: Thanking you for your support

To: cp.pune@nic.in

Dear Madam

I am writing on behalf of all the participants at the India March for Science Event held on August 9th in Pune to thank you for your and your Departments support for the said function. About 600 participants marched at the event and the support and organisational help from the police were terrific.

We are also grateful to you for your prompt sanctioning of the permit for the event after we met you on July 31.

Thank you

Aurnab Ghose

on behalf of India March for Science, Pune Chapter

Commissioner of Police, Pune

Dear Madam

I am writing with reference to our telephonic conversation today with your staff. I am a Professor at the Indian Institute of Science Education and Research (IISER) Pune and along with some of my colleagues would like to seek a 10 minute appointment with you today.

On August 9th, 2017, a nation wide programme titled "India March for Science" has been planned to raise awareness regarding scientific temper in the country. Eminent scientists across the country are participating in the programme. In Pune, eminent academics like Prof. Madhav Gadgil, Prof. Jayant Narlikar, Prof. Naresh Dadhich, etc. will be participating. In this connection we would like to meet you briefly to seek your support and permission for a short march from Gandhi Statue (Railway station) to Ambedkar Statue (Opp. Collector's office) of **August 9, 2017 at 1700h**. This march is to raise awareness about scientific temper in the general public.

We will be grateful if you could give us a few minutes of your precious time today to discuss this event. We will await hearing from your office with a convenient time.

Regards

Prof. V. S. Rao

Indian Institute of Science Education and Research (IISER) Pune

Ex-Director Agharkar Research Institute (ARI) Pune
