To
Ms Rashmi Shukla
Commissioner of Police, Pune.

Dear Madam,
Subject : **A big thank you to the Police !**

The Ganesh festival has just concluded. It is a matter of satisfaction for all that the festival was entirely peaceful and also celebrated in a fairly orderly manner with religious amity.

Maintaining law and order during Ganesh festival is always a tough challenge for the Police. The added dimension of terrorist threat has made the task much more difficult. The Police under your able leadership took all necessary steps to assure people about their safety. Despite the tremendous pressure and physical strain, the Police have done a splendid job during the highly sensitive period of Ganesh festival. Leaving aside personal and family responsibilities, they devoted their entire time and energy for the city during the festival period right up to the final immersion. It was only because of their day and night vigil that millions of people could participate in the festivities with great fervour without any tension or fear.

As a citizen of Pune, I thank you, your officers and staff for this sincere, dedicated and untiring effort in the service to society.

Regards,
Prashant Inamdar
