Police Commissioner,

Pune City

Sub: Appreciation on the sincerity & commitment of Pune Police

Dear Madam,

At the outset, on behalf of Nair & Nijhawan families and hundreds of senior citizens in the city of Pune, I take this opportunity to place on record that we are indeed proud to have a city police commissioner of your stature. The city is indeed blessed as you continue to go beyond the spoken words and thus assuring the citizens that you 'walk the talk' when it comes to ensuring safety and security of the citizens in Pune.

Our beloved mother Late Smt. Radha Madhavan Nair, a senior citizen of age 71 was found murdered in her residence by someone known to her on 30th September 2017. The culprit was evading the law enforcement teams since then and was finally nabbed in another state by the pune police team after nearly 65 days of the incident. While we had apprehensions initially on the delay in nabbing the culprit, we sincerely appreciate your personal leadership, regular follow-up and motivation that resulted in untiring efforts on display by the police force. Each time we interacted with the police team members we sensed the sincere and responsive approach to get to the bottom of the case. You have given a sense of positivity to a large number of senior citizens not just in Pune but in the State of Maharashtra by proving that the "law will eventually catch up". Salute to you Madam and the Pune Police!

We sincerely wish to convey our appreciation to the collective efforts of various teams that worked on this case under your leadership. While we are not aware of all those behind this untiring effort, kindly allow us to express our heartfelt appreciation to Mr. Deepak Sakore, Mr. Pankaj Dahane, Mr. Sameer Shaikh, Mr. Ganesh Gavade, Ms. Sangeeta Patil, Mr. Vishal Mohite, Mr. Dilip Shinde, Mr. Rajendra Kadam and the rest of the team in Pune Police.

We do recognise that this is the beginning of the closure of sorts for our family. We have some time to go as the trial gets underway. However, we are confident that you will ensure that a diligent public prosecutor will be assigned to represent this case to give justice to our beloved mother and comfort to other senior citizens who are following this case and who look upon the police as a symbol of their individual security.

We remain indebted to you.
