Dear Madam,

I am writing to express our gratitude for the excellent assistance extended by your team on the night of July 22, 2017.

PI Tavaskar, along with his team – PSI Mhetre, API Shete and API Shinde were of tremendous help during an incident we faced at Ruby Hall Clinic, Wanowarie.

Only one phone-call to Senior PI – Sayaji Gaware, who is a part of our Buddy Cop Whatsapp group, got the entire team into action and we received timely help.

The fair and unbiased manner in which the entire team conducted their proceedings is indeed commendable. Hence, I would like to pass on our thanks not only to the officers mentioned above but also to the team as a whole.

Partnership working is something that is always considered essential by us and we look forward to working with your teams in order to serve the community better.

Thank you for making a choice to protect and serve.
Thank you for doing what so many of us aren't brave enough to do.
Thank you for keeping us safe!

Sincerely, on behalf of Team – Ruby Hall Clinic, Wanowarie
