Dear Mam,

I am Narendra Sharma, living within your jurisdiction i.e. at Kalewadi Phata, Pune under the jurisdiction of Wakad Police Station. The main insight to consign this mail, is to appreciate the work of Pune City Police more particularly Wakad Police Station working under your guidance for their amazing, marvelous and breathe taking efforts in protecting the people living in your jurisdiction.

It is evident from all past records that usually people do tend to criticize in primacy and usually fails to appreciate when well work is done and hence this letter to take opportunity to appreciate the good work were we are certainly feeling safe to work and to ramble etc.

Since many days passed I have noted that the Wakad Police Officials are seen at every other corner for the safety of people and recently I have seen Wakad Policemen have handled the recent problem (dated 03.01.2018) very well. Moreover when I am late coming back from my work I have seen policemen patrolling in my area and by looking at the current situation I am feeling safe and certainly my mind is at peace.

Lastly, I again appreciate the good work of Pune Police (City) and Wakad Police for exceptional work working under your extraordinary guidance.

Thanking You

Regards,
Narendra Sharma
